

Family Tree Ministry and Family Tree Private School a 501 (c) 3 organization (since 1999)
Stacey-Guidance Counselor, Drew- Gardener; Nancy-School Director/Curriculum Developer; Bob-Ministry Director

The Farm is our latest project for 2012

What We Do Here:

WHO ARE WE?:

We are a non-profit organization, whose foundation is in the Word of God. <http://myftsp.com>

Our mission: Evangelize, Edify and Educate. We conduct meetings and activities for educational purposes, support, fellowship, and office operations and a private school for homeschoolers.

WHAT DO WE DO?:

We are concerned with our community in relation to the educational and spiritual needs of children and families.

Through a Biblical foundation for learning, we teach the Bible, academics, home economics, gardening, career counseling, and self-sufficiency through survival camping. We have many affiliations, such as with a Christian coalition, and Florida Virtual School online, and colleges.

WHEN?

As we grow and expand, our services will grow as well. God's timing is perfect.

WHERE?

We are mobile and go where the need exists. We maintain office operations, and invite our friends, as appropriate to our planned farm for educational activities and meetings.

HOW DO WE DO IT?:

We have a small staff of volunteers, and work directly with families and students to provide support, fellowship in the Word, and educational activities in outdoor education, small farming enterprises, camping, gardening, home economics, academics and computer instruction.

As an organization that strives to serve the needs of our families, we operate on a very small budget and also extend scholarships to families. We can maintain and repair what we use through operating funds and volunteers. Our tuitions and fees and tax deductible gifts help us to grow.

Current Needs: Expanding the planned farm by building the infrastructure. Develop curriculum for educational activities. Increase advertisement for, and K-12 enrolment in Family Tree Private School. Continue fellowship meetings, develop meeting place(s), and office.
